

Accumulation Rules:

- (TargetProduct XOR TargetCategory) AND/OR TargetMethodOfPayment
- TargetMethodOfPayment defaults to Null, meaning “any”
- TimeRange & DaysRange should be implemented as a model supporting:
 - Days of the week
 - Hours of the day
- PeriodTo/From represent the life-span of the Rule. Time/Date ranges set the applicability of the rule.

CHANGES:

V.1.1

Enters a common table for all kinds of Products, same for Product Categories. Products table will keep: POS Products, Fleet Dry Items, Rewards and Service Items.

On this diagram Rewards and Products shown as separate entities (with comment on title)

V.1.2 (green fields)

Added Transaction Amount rules support

Fixed PeriodTo missing in Programs

Added Points Expiration support in Programs

THIS IS NOT AN IMPLEMENTATION LEVEL ERD, but a functional req. ☺
